RATE OF EXCHANGE COPPER AND SILVER

CHINESE GOVERNMENT HELPS TO FIX THE RARITY OF TWO METALS

(By Associated Press.) PEKING, June 21.—The government has fixed the rate of dollar exchange officially at 130 copper cents. Recently the exchange rate given by money changers in the Chinese city has usually been 125 cents for each Mexican dollar. In the legation quarters and most high class exchange places patronized by foreigners, the rate has been about 120 copper cents to the dollar.

SEND IN YOUR SUBSCRIPTIONS FOR THE FOURTH OF JULY

Notwithstanding the inclement weather a big crowd turned out at the Airborne last night and had a good time at the boosters' dance for the benefit of the Fourth of July general fund and all the candidates for the goddess of liberty contest were on hand and rustling votes to secure the lead in this exciting race. The soliciting committee is still at work raising funds to take care of the enormous expense involved in a celebration of the magnitude being arranged for Tonopah this year and report the most gratifying success. If anyone is overlooked that cares to contribute they will please notify Chairman Harry R. Grier, as all subscriptions are earnestly solicited. W. E. Evans, in charge of the big drilling match, reports two Goldfield teams training for this important event, while several from Round Mountain, Manhattan and Mina are expected to enter and compete for the money. This in addition to the many Tonopah teams should prove an exciting contest. Johnny McCarty, the great welter-

weight of San Francisco, will arrive in Tonopah tomorrow morning and commence active training immediately for his championship fight with Antonio La Grave, which takes place at the Airborne on the night of July 3rd. Tony Barragane, the crack wrestler, who meets Paddy Cannon for a purse of \$250, winner take all and a side bet of \$50, at the Airborne on the night of July 3rd, went over to Goldfield yesterday and had a fast workout for the benefit of the fans in that city, and to state that Tony showed them he is fit and ready at this time is placing it mildly. Paddy Cannon has also been conditioning himself for some time and this number on the extensive programme promises to be the liveliest betting event pulled off since Bob Graham and Kid George had their memorable battle in the old Nevada theater. With the big celebration less than two weeks away all the committees are bending every energy to complete their details and have things in ship shape when the starting gun is fired.

EUROPEAN COUNTRIES IN NEED OF SILVER

HAVE BOUGHT LITTLE LATELY; PERIOD OF GOOD PRICES IS PREDICTED

One of the leading authorities on silver in this country states that the future of the market is hard to forecast at the moment, says the Toronto World. He points out that the course of prices in this country naturally will follow the market in London, and says that the purchases by the mints of the various European nations at present seem to be what will make the quotation. He adds: "There is no doubt that France, Russia and England will use more silver for coinage purposes, but from what we can learn in this country they have not been large buyers recently. This may be due to many factors, but in my opinion the principal reason is the high price prevailing. Perhaps those countries are waiting for the market to drop off somewhat before they enter again as purchasers, but from all outward appearances they will be compelled to buy again. "Just when this will be done no one can say, although I have an idea they will not delay very long. There is one feature of the recent market which apparently has been lost sight of and that is, the inaction on the part of India and China, in normal times to two largest consumers of the white metal. "Whether these two countries will come in the market soon, or whether they will hold off for a long time, is a matter of opinion. But one thing is certain, that they will all buy again some time, although more discretion might be used in the future than has been in evidence in the past. "To forecast the silver market is difficult and I do not care to make a guess. I do believe, however, that we are in for a long period of good prices."

"BOB" STEWART IS ILL AT SODAVILLE

SODAVILLE OLDTIMER STRICKEN WITH PARALYSIS AND FRIENDS HASTEN TO HIS BEDSIDE

"Bob" Stewart is reported to be dying at his home in Sodaville as the result of an attack of paralysis which took him down yesterday. For a day before this stroke came the genial landlord of Sodaville Mineral Springs was afflicted with hiccoughs, which could not be controlled and in his feeble condition the worst was feared. As soon as the news was flashed through to Tonopah a car carrying W. J. Douglas and Bob Govan started for the springs. The intention was to bring the patient back to Tonopah where he would have the best of care and the fact that nothing was heard from the veteran pioneer of the Tonopah trail was in a precarious plight.

THE BONANZA'S BIRTHDAY

Our old friend, Bill Booth of the Tonopah Bonanza, celebrated the fifteenth anniversary of his paper last week and the Gazette congratulates the Bonanza on his birthday and Col. Bill Booth on having such a newsy, enterprising and just-looking journal. Newspapers take on the characteristics of the man who runs them and as editor of the Bonanza, Col. Booth has given his own rugged, sincere self to his paper, until he and the Bonanza are inseparably connected in the public mind. Long may both of them flourish. Reno Gazette.

W. R. SMITH PLACED ON TEN YEARS' PROBATION; IS MENTALLY DEFECTIVE

W. R. Smith, who held up and robbed the Oak Park branch of the Sacramento bank, was sent to the Preston School at Lone and placed on probation for ten years by Superior Judge Malcolm C. Glenn, says the Sacramento Bee.

The order was made following a hearing, in which it was shown Smith is mentally below normal, probably as the result of an injury to his head received when a boy. He will be 13 years old in October. Dr. P. W. Hatch and Dr. E. W. Twitchell testified in their opinion Smith is below normal mentally, and does not realize the seriousness of the crime committed. They recommended, in the absence of an institution similar to Matteawan in New York, that the Preston School of industry is the best place for the boy. Dr. Hatch said Smith's mentality is that of a boy 10 or 11 years of age.

W. R. Smith of Mina, Nev., father of the boy bank robber, gave an account of the boy's life, saying he was injured when about 10 years of age, and since has been mentally defective. He said he had never shown criminal instincts, but had been peculiar in his actions.

Smith testified he was unable to find his son after he left Nevada about two years ago. He notified the police of Sacramento to find him, but they were unable to do so.

The defendant is well known in Tonopah, where he has been regarded as feeble minded and not responsible for his actions. During his stay here he was for a time employed at the Tonopah Extension and the Belmont, and was discharged for not reporting on shift at the proper time. When assigned to the night shift he would come around at 10 a. m. and show up for the day shift in the evening.

ODD FELLOWS ELECT NEW GRAND OFFICERS

N. P. Nelson of Elko was elected grand patriarch of the grand lodge of Odd Fellows of Nevada at the encampment in Winnemucca yesterday. Other officers chosen were George Emery of Reno, high priest; A. Ketz of Reno, senior warden; William Sutherland of Reno, scribe; C. Novacovich of Reno, treasurer; Rev. Brewster Adams of Reno, marshal; C. Gault of Reno, junior warden; P. H. Mulcahy of Sparks, guardian; C. E. Mack of Reno, sentinel; A. Hesson of Elko, C. R. Carter of Reno and John Lathrop of Dayton, trustees.

SANCTUARY SOCIETY GAMES DRAW A LARGE CROWD

The card party last evening at Knights of Columbus hall for the benefit of St. Patrick's church was well attended and it was not until a late hour that the prizes were awarded as follows: First, Mrs. M. Landers; second, Miss Irene Farrell; third, Mrs. T. Griffin; consolation, Miss Peterson, Gentlemen—First, T. O'Connell; second, A. Calpietro; third, P. Duffy; consolation, Martin Kennedy. After the games refreshments were served by the ladies in charge.

CARLOAD A WEEK RATE OF SHIPPING

LONE MOUNTAIN PROPERTY IS GROWING EVERY WEEK AT A TREMENDOUS RATE

One carload a week is the rate gold and silver ore is going forward to the smelter from the property on Lone Mountain owned and operated by Owen Dougherty, Harry Berger, James Dunn and James Hill. It is almost two months ago since these men began shipping and at that time it was believed the output would run at the rate of two carloads a month, but these expectations have been exceeded by the actual production, which is now running on the basis of one carload a week. The grade runs between \$20 and \$40. The ore is sent out from McLean's siding. In the same district the Nevada Gold Hill Gold Mining company has begun sinking their main shaft with the intention of going down 300 feet deeper. Owen Dougherty expects to make his first shipment of a carload of copper ore from his personal property at Lone Mountain before the expiration of the month. This ore is said to run very high and the smelter returns will be watched with interest.

SHOT BY PLAYMATE WITH GUN THAT WAS NOT SUPPOSED TO BE LOADED

Rene Mery, 13-year-old son of Joe Mery, a plasterer residing at Fifth street and Spokane avenue, was shot and instantly killed yesterday by Joe Serpentine, a playmate, says the Reno Gazette. The two boys, in company with an other small boy named Ward, had been out hunting in the hills north of the race track and were returning to their homes. According to the Ward boy they were playing bandit on the return trip and supposedly had no shells in their guns. Serpentine was carrying a 12-gauge shotgun belonging to Ward and when Mery declared that he was Villa and started to run, Serpentine raised the gun and told him to stop. The boy kept on running and Serpentine pulled the trigger. The full contents of the gun struck Mery in the back just below the right shoulder and killed him instantly.

TONOPAH DAIRY PRODUCTS ARE THE VERY BEST

AMUSEMENTS

BUTLER THEATER

With the celebrated George Beban, the greatest character artist in the world, portraying in this artistic production the role of a French peasant in the five reel feature for this evening, "The Pawn of Fate." The story centers a simple-hearted peasant, a Normandy shepherd, played by George Beban. A city artist comes and takes a fancy to the peasant's pretty wife, Doris Kenyon. He cannot impress her at all; she is too innocent to understand him. The shepherd tried to draw. The artist tells him he is a great painter, a genius, and brings him to Paris, where he is heralded as an important person. His picture we are permitted to see—it is unveiled. It is marvelously bad. The poor man kept thinking that he was a wonder and is now laughed at by everyone and pilloried in the papers. What is more, it dawns on him that his wife is connected with it all. She is innocent but he doesn't believe this. This climax is rich in chances to act and is taken good advantage of by both the leading players, the acting done by George Beban being unsurpassable. Together with this wonderful five part feature will be seen the interesting Ford Weekly, showing how an automobile is made and many current happenings of the United States. Tomorrow "The Soul's Cycle." Last you forget, Saturday matinee and evening Charles Chaplin in his first Mutual release, is considered one of the funniest he has even been in—"The Floor Walker."
